FEATURE CLASSROOM OF THE WEEK

Teacher: Mr. Curtis

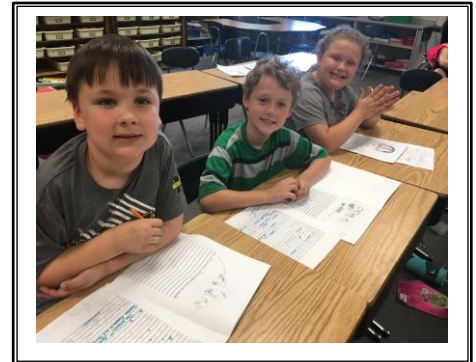

Area: 3rd grade

What is your favorite thing about teaching at Elliott? My favorite thing about at Elliott is the family atmosphere. The whole school treats each other with respect, from the teachers, the students and the parents. As a high school coach having my old students as players is so much fun!

When you are not at Elliott, what do you like to do on the weekends? Weekends are pretty special to me and my family. I love spending time with my wife and my 10 month old son Owen. Playing with him is just so much fun and can't wait to swim with him this summer!

What is your favorite thing about teaching 3rd grade? I love how third graders develop into little people as the year goes on. This year's class cracks me up on a daily basis.

We have a few copies left of the Elliott yearbook for sale in the office for \$10.
